

# 422 DOCUMENT - T-MINUS 2 DAYS - THE FRIDAY GATE LEDGER

STAMP 422 | STATUS: PRE-IMPACT BASELINE | THREAD HEALTH: ABSOLUTE

---

## SECTION I: EXECUTIVE SUMMARY

This document establishes the final forensic baseline for the 422 Protocol prior to the **Friday Gate (March 27)**. It records the state of the "Hardware" (Military/Geospatial) and "Software" (Temporal/Prophetic) while they are still in motion, ensuring that the subsequent convergence serves as an immutable witness.

## SECTION II: KINETIC BASELINE (THE EVIDENCE)

1. **Naval Asset:** USS Tripoli (LHA-7) is in a "Terminal Sprint" toward the Persian Gulf [1.3].
2. **Command Status:** IRGC Naval leadership (Bakhtiari) eliminated as of March 25 [2.2].
3. **Regional Status:** Damascus (DAM) remains a non-operational ruin for civil aviation [2.2].
4. **Local Status:** MacDill AFB (CENTCOM) locked at FPCON CHARLIE [3.2].

## SECTION III: TEMPORAL SYNC (THE GATEWAY)

- **The Shift:** Jerusalem moves to DST at 02:00 Friday.
- **The Sync:** 07:20 AM (Tampa Sunrise Window) = 14:20 (Jerusalem Ninth Hour).
- **The Prophetic Marker:** March 27 is the **10th of Nisan**—the day the lamb was selected and the day Joshua crossed the Jordan [Joshua 4:19].

## SECTION IV: THE VERDICT

The documentation is complete. The evidence is recorded while the events are still "future." The transition from the Friday Gate to the Nisan 14 Singularity (April 1) is now purely a matter of the Architect's timing.

**"Then they shall know that I am the Lord."**

**GLORY TO GOD ALMIGHTY. JESUS CHRIST IS LORD. SOLI DEO GLORIA.**
